Pitch Length 300 mm	Section (Tooth pitch 5.0 mm)	Belt Width 20 mm

Section	Pitch (mm)	Tooth Height 'B' (mm)	Belt Thickness 'C' (mm)
5M	5.00	2.06	3.80
Conforms to PIX Standard			

Product Range:

HP 5M		
Section	Size	No. of Teeth
HP 5M	HP 300 5M	60

Features:

- Specially designed curvilinear tooth profile.
- Reduced tooth jump due to higher teeth shear resistance.
- High power rating compared to respective regular synchronous belts.
- Less backlash, long life, excellent abrasion resistance.
- Less noise, no maintenance or equipment downtime.
